Congratulations to Yasmin for being the "Last Man Out" in the Bearings exercise, this was despite the fact she led her Mum astray, thus knocking Rosie out in an earlier round!

I was disappointed that the mist wasn't worse tonight, that would really have tested everybodys navigation skills. As it was it was still not easy in the dark to find controls in the midst of the field, but well done to everyone, there were no mis-punches this week. Well there was one but that was my fault for not putting the control codes or descriptions on the maps for Course Three, sorry Jackie. Helena maximised the evening's fitness potential by being the only one to complete the four "harder" courses. And in fine style too, only being beaten by flyer Paul. Here's hoping for thick fog or mist next week!!!!
